**DATE :**

---

This refers to the complaint filed by members of Gabriela and parents of children who were administered with Dengvaxia vaccine, against the aforementioned, before the office of the Ombudsman for violation of Section 3 (e) and 3 (g) of Republic Act 3019 or the Anti-Graft and Corrupt Practices Act.

The complaint is in connection with the P3.5-billion dengue vaccination program initiated by the previous administration, purportedly in connivance with the officials of Sanofi, which was alleged to be grossly disadvantageous to the government and detrimental to the health and welfare of its recipients, due to the lack of comprehensive study on the effectivity and risks of the vaccines.

Considering the gravity of the possible offenses which may have been committed, there is a strong probability that they may attempt to place themselves beyond the reach of the legal processes of the government by leaving the country. We thus deem the issuance of an ILBO against the subject persons prudent in order to at least monitor the itineraries of their flight, travel, and/or whereabouts.

In view of the foregoing, the following directives are hereby issued, to wit:

A. **For the Commissioner of Immigration to:**

1. **Disseminate** the following details regarding the subjects of this ILBO:
  - 1.1. **BENIGNO S. AQUINO III;**
  - 1.2. **FLORENCIO B. ABAD;**

  - 1.6. **OLIVIER BRANDICOURT;**
  - 1.7. **RUBY DIZON;**
  - 1.8. **THOMAS TRIOMPHE**
  - 1.9. **CARLITO REALUYO**
2. **Instruct** all immigration officers to be on the lookout/alert for the above-named individuals should any of them shall pass through the immigration counters in any of our international ports and/or seaports.
3. **Coordinate** with the National Bureau of Investigation (NBI), to obtain additional information about the subjects of this ILBO, in order to facilitate its enforcement, including but not limited to the following:
  - a. Address/es
  - b. Known aliases;
  - c. Date of birth;
  - d. Place of birth;
  - e. Copies of their passports or, at least, passport number or other information about any travel document issued to the subjects; and
  - f. Latest known picture/s of the subjects.
4. **Obtain** from the NBI, the proper office or official to contact even outside office hours, in case any of the subjects make an attempt to leave the country.
5. **Promptly relay** to the Office of the Secretary, this Department, at (02) 521 1908, the NBI at 524-5084/5251264, any pertinent information, especially those tending to indicate that any of the subject individuals are attempting to leave the country, and in order to obtain updates as to the status of their case and other relevant information that may be the basis for the proper course of action to be undertaken by the immigration officers.

Said information shall be immediately and promptly relayed to the foregoing and to any other concerned government office or agency, keeping in mind that time is of the essence in these situations, especially

2

to determine the appropriate course of action to be undertaken thereafter. Hence, all concerned are **strongly warned** against waiting until boarding time to inform concerned offices of any attempt to leave the country.

6. **Take all other appropriate actions**, including, but not limited to, coordinating with other concerned offices and agencies, and even airlines, especially since international passengers are customarily required to check-in within a specified number of hours before flight.

For strict compliance.

  
**VITALIANO N. AGUIRRE II**
